

NHS ‘Grab a Jab’ weekend for drop-in vaccinations in Northamptonshire

Drop-in jabs for all adults will be available this weekend across Northamptonshire as part of a big push to get as many people as possible vaccinated against COVID-19.

Friday 25 to Sunday 27 June is being hailed as NHS Grab a Jab weekend to help accelerate the vaccination programme across the nation, by making it easier for those eligible to receive their first or second dose of the vaccine, without the need to book an appointment.

Vaccines are now available for those aged 18 and over. Drop-in clinics are at selected locations only and dates and times vary, so before you set off you should check the clinic list for opening hours, and eligibility. You just need to bring along your NHS number which you can easily find online at www.nhs.uk/nhs-services/online-services/find-nhs-number/

Vaccines at all drop-in clinics will be available on a first come, first served basis. Those attending for a second dose of the AstraZeneca vaccine, where this is being offered, must have had their first dose at least eight weeks prior (i.e. 30 April or earlier).

If you are unable to travel to or attend a walk-in clinic this weekend, then you can book an appointment via the national booking service online at www.nhs.uk/coronavirus-vaccine or by calling 119.
