

#### 7.5T Weight Restriction (shown by pink line)

Extends along the B4031 from just beyond Brackley Road:

- along the High Street to the junction with the B4100 at Aynho corner
- all the way up to Farthinghoe and across to King's Sutton.

(search for full map on the Northants Highways interactive mapping page)

Enforcement is down to the Police.

HGVs delivering anywhere within the restriction are exempt.

A Police Officer would need to follow the HGV into the restriction and out the other side to ascertain whether or not it is loading or unloading.
